

# QUALITY

ISO CERTIFIED 9001: 2000

## QUALITY ISO CERTIFIED 9001: 2000

- Steel Craft Corp. is ISO Certified.
- Quality comes first at Steel Craft Corp...
- Our Quality Policy clearly states that we are committed... To Satisfy our customer's expectations the first time, Everytime!
- We believe Quality is built into, not inspected into, the products we produce for our customers.
- We also believe Quality is not just the job of the Quality Control Department, but is the responsibility of all our employees! To insure we maintain our high quality standards, we conduct ongoing training for our employees, followed by frequent compliance audits.
- We are currently certified ISO 9001: 2000
