

# WELDING

## CONVENTIONAL

### CONVENTIONAL WELDING

Use our experienced and certified welding staff to produce your prototypes and to satisfy your structural, large weldment and ornamental welding needs.

Our conventional welding department is equipped with large layout and fixture tables, and cranes to handle all your welding requirements, large or small.

#### MIG Welders

- (35) Machines DC 200 amp to 600 amp
- (9) Panasonic Aluminum/Stainless Welders
- (2) Lincoln Aluminum/Stainless Welders

#### TIG Welders

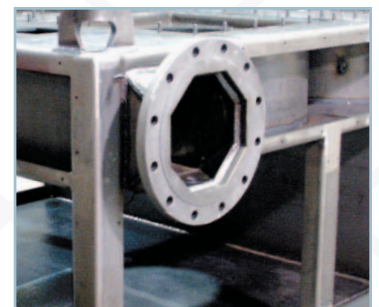

- (5) Machines DC 250 amp to 500 amp

#### SPOT Welders

- (8) Stationary KVA = 30 - 150 voltage = 480 Arm  
Style = Press
- (2) Stationary KVA = 25 - 75 voltage = 220 Arm  
Style = Rocker
- (3) Hand Held KVA = 23 Voltage = 460 Arm  
Style = Rocker

#### STUD Welders

- (3) 1" Capacity @ 2,000 amps
